RATIONALE: It has come to the attention of the JPC that there is no requirement in the show Rules for Guest Judge Evaluations. The proposed added wording to 25.02e is taken verbatim from the Judging Program Rules.

Some clubs are unaware of the requirement since it is not part of the Show Rules.

The JPC is also requesting to include a recommendation that Guest Judges officiate at the second day of a two-day show to enable CFA judges present to observe and report on the performance of a guest judge. The more input provided on Guest Judges the better we are able to determine their ability to comply with CFA format, standards and Show Rules. 25.02 f is stating that request.

Seconded by **Mr. Eigenhauser, Motion Carried.**

LILAC SHADED: ...

Motion Carried.

4. **PROPOSED:** At this time, we would also like to request a change from Provisional to Championship status commencing with the 2014-2015 show season. Even though it is only mid-August, no less than 35 unique examples of the Burmilla have been seen across the country. By the end of the current show season, several more will be shown. The registrations generated from this breed have added to the revenue for the Cat Fanciers'

Association. Additionally, the breed club that was established, Burmilla Enthusiasts of America, held a show in May of 2012 and is in the process of looking for another opportunity. It has since sponsored rings at various shows, which has helped the local clubs. Overall, acceptance of this breed at full championship status, can be beneficial.

Motion Carried.

Mr. Ganoe moved to accept the Burmilla in both a longhair division and a shorthair division, for the purposes of showing, and that we adjust the color classes accordingly. Seconded by **Ms. Anger**, **Motion Carried.** Altschul, Baugh and Calhoun voting no.

DEVON REX

1. The Sphynx Breed Council has proposed an outcross to the Devon Rex. Here is their proposal, followed by the question about whether to support an outcross.

PROPOSED: Amend the reference information at the end of the Sphynx breed standard and rules for registration to add Devon Rex as an outcross breed until 2018, as follows:

Sphynx Allowable Outcross Breeds: American Shorthair, Devon Rex, Domestic Shorthair/Domestic Sphynx Outcross. Sphynx born on or after December 31, 2015-2018 may have only Sphynx parents.

EXOTIC

1. The Persian Breed Council has proposed to prohibit the showing of Longhair Exotics in the Persian classes, effective May 1, 2014. Here is their proposal, followed by the question about whether to support the prohibition:

PROPOSED: Prohibit the showing of Longhair Exotics in Persian Color Classes effective May 1, 2014. Agree to the showing of Longhair Exotics in the Exotic divisions or breed classes as established by the Exotic breed.

CFA shall make the following changes to applicable Show Rules and Persian Rules of Registration in order to remove the showing of Longhair Exotics in Persian color classes (note: changes relating to the Exotic standard, the Exotic Listing within Article XXXII, Rule 32.01 of the Show Rules, and the Exotic Rules of Registration will be addressed by the Exotic BC):

a. *Revise Show Rule 2.04 to read as follows (text to be deleted in strike out): ~~With the exception of qualifying longhair Exotics (which may be shown in Persian classes), e~~ Each cat must be entered in the breed under which it is registered, and each kitten must be entered in the breed under which it is registered or eligible to be registered.*

b. *Revise Article XXXII, Rule 32.01 of the Show Rules effective May 1, 2014 to eliminate the note at the end of the Persian listing. Revisions to the show rule are shown below (deletions are in strike out – there are no changes to the divisions and color classes included in the Persian listing).*

PERSIAN[®]

(See Note at End of Persian Listing)

Note: ~~Longhair Exotics that meet Persian color descriptions are eligible to compete in Persian color classes. These cats, also referred to as AOV Exotics, are identified by a registration prefix of 7798-7799, 7698-7699 and 7598-7599. A longhair division for Exotics will be created for scoring purposes only and National/regional points accumulated by longhair Exotics shown in Persian color classes will count towards longhair Exotic breed and color class wins, not towards Persian wins.~~

c. *Add a note to the “Significant Acceptance Dates” section and add notes to the “Breed Notes” section of the Persian Rules of Registration indicating Longhair Exotics no longer accepted in competition in Persian classes.*

Persian Breed Council Rationale: *This question is on both the Persian and Exotic Breed Council ballots. In 2008, the Board required the Exotic and Persian Breed Council Secretaries to reach a compromise that would permit the showing of Longhair Exotics. The Board also informed the BC secretaries that they did not want a solution that permitted the showing of cats in separate breeds that would look alike to spectators at CFA shows. Consequently, the compromise approved in 2009 permitted Longhair Exotics that meet Persian color descriptions to be shown for championship status in Persian color classes. A Longhair Division of Exotics was created for scoring purposes only – all national and regional points accumulated by Longhair Exotics shown in Persian color classes count towards Longhair Exotic Division wins, not towards Persian Division wins.*

In February 2013, the Board approved a compromise allowing pointed Orientals in Colorpoint and Balinese colors to be shown in Shorthair and Longhair Pointed color classes within the Oriental breed. In order to maintain its credibility with breeders, the Board should resolve similar issues among subsets of breeds in the same way. Consequently since the Board has now approved the showing of “mimics” within their own breed instead of within their parent breed, it is only appropriate that Longhair Exotics no longer be allowed to be shown in Persian color classes; instead, Longhair Exotics should be shown in a Longhair Division of the Exotic breed.

This change will have no significant impact on the Exotic breed as Longhair Exotics currently receive wins in a Longhair Division of Exotic even though they are shown in Persian color classes. This change will also permit Longhair Exotics of any approved Exotic color to be shown for championship status, not just those conforming to an approved Persian color.
